

Battery operated optical smoke detector with sounder

450IS

The 450IS battery powered photoelectric smoke sensor is especially designed for use in residential applications. The detector is ideal for detecting slow, smouldering fires. The built-in sounder is a loud 85 dBA at 3 meters.

Specifications

Battery	9V PP3 Lithium
Battery mount	Rivet, tamper proof
Battery life	7 years, approximate
Sensor	Photoelectric
Detector interlink	Up to 12 detectors, 2 wire polarised
Alarm sound level	85 dBA @ 3m
Operating temperature	5°C to 38°C
Relative humidity	10% to 85%
Dimensions	110 mm x 38 mm
Weight (including battery)	140 g
Test button	Tests sensitivity, circuits and sounder

Ordering Information

450IS Battery operated optical smoke detector with sounder

- Battery operated
- Long life lithium battery
- Tamper-proof, removal-proof battery housing
- Operating LED confirms unit operation
- Low battery warning
- Sensitivity test button
- Loud 85 dBA sounder
- Easy installation
- Multi detector interlink - up to 12 detectors
- VDS approved
